

Tafaria Castle & Country Lodge is a 25 room lodge built on a hill overlooking the Aberdare Ranges, Laikipia Plains and Mount Kenya, halfway between Nyeri and Nyahururu in Kenya. Completed in 2012 AD, **Tafaria Lodge** has been conceived to engender two states of mind – that of adventure stimulated by the remote location and medieval architectural style that runs from the castle to the similarly themed cottages and relaxation facilitated by the high altitude, secluded spot and gentle, manicured grounds.
