

Bush Adventures Maasai Warrior Training Camp Isiolo Kenya camp sits in the shade of soaring acacia trees, on the riverside. You will stay in our elegant tented camp, in cosy four poster beds in our safari tents pitched in the shade, overlooking the river. The camp is located in the Il Ngwesi Community Conservancy, in northern Laikipia close to Nanyuki and Isiolo towns. The 16,500 hectare Conservancy is owned and managed by the Laikipia Maasai.

Each 4 x 3 mt tent sleeps 2 people, with a maximum of eight guests in the whole of the camp. Each tent has its own bathroom and hot shower, hidden in the thicket and with great views— we want you to stay close to Nature without being removed from the essentials. www.crocodileracers.com

There is a scenic mess area where we enjoy our meals together, often in the company of ground squirrels, kingfishers, starlings and many other pretty birds. We then spend the nights comfortably chatting around the bonfire.
