

Makubwa House Lamu

The house dates from the late 19th Century and has been restored in great detail, with all new electricity wiring, a Yemeni-inspired tower that is home to the water storage and a plunge pool on the main floor. The house is of palatial proportions and takes on a magical character at night.

Accommodation & Room Types

This Stately Patrician home features 2-bedrooms, 5 bathrooms and a large private studio rooftop terrace.

The master bedroom has a king-size bed and its own air conditioning unit. The guestroom has a queen-size bed. All rooms have their own ensuite bathroom.
