

Rock House Guest House is a memorable private home-stay accommodation located in the quiet, leafy, western suburb of Karen only 40 minutes from the centre of Nairobi in Kenya, yet a world apart from the hustle and bustle of the city. In tune with our name, Rock House has been modeled by a local artist/architect to reflect our origins on the slopes of Mt Kenya and the owner's passion for nature's captivating sceneries.

For bird-watchers, exotic birds are in love with our lush vegetation, flowers and waterfall and we encourage many more by additional feeding. Exotic and indigenous flowers grow freely here giving it the essence of the Mount Kenya region. www.crocodileracers.com

Wireless Internet is available and if you forgot to bring your laptop, a modern internet ready desktop computer is available. Guests enjoy swimming in a beautiful swimming pool with cascading waterfalls. We make sure the Rockhouse theme is not lost. The swimming pool area is well lit to allow both day and night swimming activity.

Accommodation & Room Types

The beautifully appointed rooms are designed to provide quality, comfort and attention to detail. The carved flight of stairs as you walk to your bedroom. The beds are straight out of bedrock harmonising easily with our Rockhouse theme.

The beautiful interior design and the complementing natural wood furniture are as gratifying as the friendly welcome you'll receive.

Dining and staff

At Rock House - Guests are hosted by the owner and his wife, and supported by a friendly team who are just like family. Fresh homemade meals are served in generous portions and the more inquisitive are welcomed to our kitchen to get hints on how to prepare Kenyan delicacies. www.crocodileracers.com
