Dining and staff

Dining is served on buffet or a la carte. A wide range of drinks is also served at the bar. The outside barbeque or locally known "Mbuni choma Ranch" area has become a great favourite with many guests, who have a choice of dining either inside the cool Makuti roofed hut, which is very spacious or out by the pool side under the trees.

Our speciality is Char-grilled Ostrich meat (famously known for its low cholesterol) grilled or fried to your preferred taste. A continental buffet is also available for groups over 15 pax.
