

Sable Field is one of the properties owned by Field Outdoor Enterprises Ltd.

Among the activities it aims to promote and develop eco-tourism as an alternative livelihood for pastoralists who may no longer be able to survive on livestock alone. Eco-tourism is environmentally friendly, encouraging conservation of natural resources, including wildlife as well as processes of recovery of land degraded by unwise use and/or drought.

Accommodation & Room Types

The retreat comprises of a main house and 2 en-suite guest wings. The main house has a master en-suite suitable for family. The other two guest houses have both double and single bed. www.crocodileracers.com

Dining and staff

The house staff consists of the house manager who is also the caretaker, his wife who will take care of your culinary needs and a night watchman. At the time of booking, you will be asked for your drinks or food preferences, to ensure that where possible, your favorite food and drinks will be available as required.
