

Kilalinda Lodge is situated on 8,000 acres of private wildlife conservancy. Located on the edge of Tsavo East in the welcoming shadow of the Yatta Plateau, the lodge sits on a sandy promontory overlooking the Athi River. It takes approximately 3 hours by road and 1 hr by air. Kilalinda is a little drop of luxury in the harsh wilds of Tsavo; the lodge is designed to take its guests as far from urban life as possible to give them a home from home in the middle of the bush.

The Lodge has 6 guest rooms which are uniquely designed and immaculately decorated featuring its own shady patio overlooking a stretch of riverside beach. Each cottage has its own individual character, en-suite bathroom, locally hand made four poster beds, stylish hand dyed bedspreads and thick woolen carpets, shingle roofs, private verandah and built so as to make maximum use of the cool breeze that blows up and down the river during different seasons. www.crocodileracers.com
