

Lulu Mizi Self-Catering Watamu Kenya is a traditional five-bedroom beach house complete with a sparkling swimming pool. It overlooks the Watamu Marine Park. Three of the units' bedrooms have en-suite bathrooms, whilst the other two share a bathroom. Each bedroom has a king-size bed or twin beds, a mosquito net and a fan. The study can sleep an extra person if required. A terrace stretches the length of the house and sports a long dining table and lounge seating. There is a fully equipped kitchen if you require self-catering, but a cook is provided to prepare your meals for you. The property is protected by a night watchman and a security system. You can rest assured you'll never suffer a black-out since there is a backup generator. www.crocodileracers.com

The area features a fantastic coastline of beaches ideal for water sports and swimming. Guests can try some deep sea fishing, golfing at Vipingo or just relaxing.
